

IISD Blue Drinks event:

Why Does Fresh Water Matter to Manitobans?

Date: Tuesday, April 25, 2017

Time: 6:30 to 9:30 p.m.

Location: Barn Hammer Brewing Company
595 Wall Street, Winnipeg

In honour of Earth Day, join us at Barn Hammer Brewing Company on April 25, 2017, to hear Manitobans explain why fresh water matters so much to them.

Our presenters, in lively three-minute presentations, will explain why water is so vital for what they do. They will explore why water matters to the **art scene, local business, our agricultural sector, and our history, as well as what traditional knowledge** reveals about our relationship to water.

For the rest of the evening, you can mingle with the presenters, ask questions, share your thoughts and enjoy one of water's greatest gifts to us: cold, locally-brewed beer.

The max. capacity of Barn Hammer taproom is 50 people, be sure to RSVP early!
