

Celebrate the Career and Accomplishments of David Runnalls during the 20th Anniversary of the International Institute for Sustainable Development

Reflecting the vision, integrity and commitment of David Runnalls, the International Institute for Sustainable Development created the Innovation Fund in 2004. Firmly rooted in the philosophy that Innovation + Imagination = Realization, it encourages, explores and helps bring these exciting, new innovations to life.

In honour of David Runnalls' 10-year career as IISD president and CEO, the Institute has created a special commemorative fund in his name. As an integral part of the IISD Innovation Fund, it will support and inspire a wide range of sustainable research projects worldwide. It will also provide donors like you with the unique opportunity to invest in ground-breaking work outside the realm of traditional research.

The David Runnalls Fund for Sustainable Development Innovation is dedicated to projects that further the cause of global sustainability—which, of course, is what IISD is all about.

Donate to the David Runnalls Fund for Sustainable Development Innovation

This is your opportunity to show your appreciation of David Runnalls, his foresight, his years of distinguished service with IISD and his work as a champion of the sustainable development movement.

A Card will be sent to David Runnalls complete with your own personal tribute message. As a donor, you will receive a Gift Receipt. Please Note: All gift amounts are kept strictly confidential.

During the Institute's 20th anniversary year, we invite you to salute, enhance and enrich the legacy of David Runnalls and the tradition of sustainable innovation at IISD for generations to come.
